**Program Disclosures**

As articulated in Standard I.B.2, programs may have “admission and employment policies that directly relate to affiliation or purpose” that may be faith-based or secular in nature. However, such policies and practices must be disclosed to the public. Therefore, programs are asked to respond to the following question.

Does the program or institution require students, trainees, and/or staff (faculty) to comply with specific policies or practices related to the institution’s affiliation or purpose? Such policies or practices may include, but are not limited to, admissions, hiring, retention policies, and/or requirements for completion that express mission and values.	<input type="checkbox"/> <b>Yes</b> <input checked="" type="checkbox"/> <b>No</b>

NOTE: For information about specific policies related to receiving credit for previous graduate work, please see page 17 of our handbook (<https://counselingpsychologyumd.weebly.com/program-handbooks.html>). Depending upon the number of credits accepted from a student’s master’s program, that student may be able to complete this program in 5 years.

**Program Costs**

Description	2022-2023 1 <sup>st</sup> - year Cohort Cost
Tuition for full-time students (in-state)	\$8,119 (one 10 credit semester)
Tuition for full-time students (out-of-state)	\$17,694 (one 10 credit semester)
Tuition per credit hour for part-time students	NA
University/institution fees or costs	\$313 for 1 to 8 credits; \$605 for 9 or more credits* (two semesters; additional fees also apply for summer and winter term classes if taken)
Additional estimated fees or costs to students (e.g. books, travel, etc.)	\$20,000

NOTE: \*Effective Fall 2017, the University of Maryland charges a fee of \$125 per semester for all newly enrolled, full time international students.

All students are considered full-time and all currently have funding (fellowships or GA-ships) that range from approximately \$20,000-28,000 depending on a 9-month or 12 month/20 hours per week appointment. Funding includes tuition remission for 10-12 credits per semester and credits in either winter term or summer term or both. Exceptions are that students on internships pay for 1.5 – 2.5 credits during internship (which will likely be out of state depending on where the student lives) with international students being required to be enrolled for 1 credit the summer their internship begins and 1 credit the summer when internship ends (institutional fees can be waived if internship is off-campus) and 1 credit in the summer if participating in an externship if campus funding does not provide summer tuition credits. Students with fellowships or assistantships receive subsidized health insurance.

Students on assistantships or fellowships typically pay only the mandatory fees as most credits are covered by the financial aid package. However, students should know that they may need to pay for some credits during their doctoral program (e.g., during internship when students are typically off-campus and receiving a stipend from their internship site rather than from an assistantship; and, students with F-1 visas who will need to be enrolled during winter term or summers if they are taking required courses if their assistantship or fellowship does not include winter term or summer tuition remission, or students whose assistantship or fellowship does not include winter term or summer tuition remission).
